

## Dylan Walsh

We can thank “too much rain” in Corvallis for leading Dylan to Bend. And we can thank Di Crocker, our former ReStore Manager, for mentioning a job opening when he was serving her table at a local restaurant. Unknown to her, Dylan was looking for the right place to work, a place where people care about their employer and serve the community.

He was initially a driver for ReStore’s donation pick-up truck and liked that as a chance to get out and know Bend and its people. Now promoted to Receiving Coordinator he is certainly meeting more donors and is picking up where the previous job left off, literally. And when asked if he ever received good advice for working with others Dylan quickly offered “follow the Golden Rule”.

Dylan is the middle of five children, all boys. He has a dog “Pippin” and a cat “Taz”.

In addition to being a waiter his background includes being a lifeguard and athletic trainer. Now, in his free time he enjoys similar activities: snow boarding, pickup basketball at the Pavilion, and camping.
